

Collegiate FFA at Ohio State ATI

enhances the collegiate experience through service and engagement, provides personal and professional development opportunities, encourages students to improve lives of others through fundraising for philanthropic efforts, to create tomorrow's leaders, and to give students an edge in today's job market.

Collegiate FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth, and career success.

Membership Requirements

This chapter is chartered as an Alumni and Supporter Chapter which means that membership is open to all students at Ohio State ATI; previous FFA membership not required, and all are welcome!

When existing FFA members and alumni elect to join this chapter, their membership remains with the home chapter. CFFA @ Ohio State ATI annual dues are \$10.

Meetings

Officer-led, student-run meetings are held weekly throughout the year. Days of the week and times are determined by the majority of student availability. Knowing that all students do not have the same availability, members may choose to participate when they are available.

The first meeting of the year will be held via Zoom, on Wednesday, 1 September, at 7:00 PM.

Service and Fundraising Projects

CFFA is committed to improving the lives of others on campus, locally, and internationally through service. On campus, CFFA hosts Dress for Success, a professional clothing shopping experience where job seekers can shop at no expense to them, and Buck-I-Eat, a free drop-in food service for students on the go. The club also raises funds to enhance agricultural opportunities for women farmers in Ghana, West Africa.

Events and Activities

CFFA at Ohio State ATI hosts a broad range of club and campus-wide activities and events throughout the year from social activities to professional and personal development events. Some of the events include:

- Homecoming Truck Contest & Parade
- Cultivating Careers Development Night
- Clubsgiving
- FFA Week Activities
- Young Professionals Night
- Workshops on laser engraving, 3-D printing
- FFA Degree Workshops
- Guest Lectures on relevant contemporary agricultural issues
- Fundraising to support farmers in Ghana
- And more!

How to Join
